OBJECTIVE

Front-End Developer skilled in building responsive and user-friendly web applications. Proficient in HTML, CSS, JavaScript, and React, with a strong focus on creating scalable solutions and delivering impactful user experiences.

EXPERIENCE

Front-End Developer (Trainee)

Oct 2025 – Present

Hyring, Chennai

- Undergoing hands-on frontend development training under senior developer mentorship.
- Working with React, JavaScript, HTML, and CSS to improve real-world application development skills.
- Completing assigned tasks ranging from basic to moderate complexity, including UI changes and component development.
- Actively learning and documenting daily progress and completed tasks in weekly reports.
- Participating in weekly review meetings to discuss progress, improvements, and next objectives.

Front-End Developer

Jun 2023 – Jan 2024

Zuul, Bangalore

- Developed responsive web applications using React, JavaScript, HTML, and CSS.
- Created reusable UI components, reducing development time by 20%.
- Integrated REST APIs to fetch and display dynamic data, improving user experience.
- Collaborated with developers and clients to deliver features on schedule.

Embedded Developer

Sep 2022 – Feb 2023

Enarxi, Chennai

- Designed and tested PCB layouts in EasyEDA, ensuring hardware reliability.
- Supported real-time hardware-software integration for embedded solutions.
- Gained teamwork and problem-solving skills applied later in front-end projects.
- Supported hardware-software integration and debugging for IoT projects.

EDUCATION

Master's in ECS, Sri Krishna Arts and Science College, Coimbatore.

2022 – 85%

Bachelor of Electronics, St. Joseph's College, Trichy.

2020 – 72%

Higher Secondary, ER Hr. Sec. School, Trichy.

2017 – 70%

Secondary, ER Hr. Sec. School, Trichy.

2015 – 60%

SKILLS

Technical Skills:

Languages	HTML, CSS, JavaScript
Frameworks & Libs	React.js
Backend	Node.js, Express.js
Database	MongoDB
Version Control	Git, GitHub
Tools	VS Code, Chrome DevTools, Netlify, Postman

Soft Skills:

- Adaptability
- Teamwork
- Problem-Solving
- Time Management
- Observation
- Communication

PROJECTS

Hotel Reservation System

Developed a full-stack hotel booking application using React, Node.js, Express, and MongoDB. Implemented REST APIs to manage bookings, room availability, and dynamic data updates with a responsive UI.

IoT GPS Tracker (Academic Project)

Designed and developed a GPS tracking system using NodeMCU, Embedded C, and GPS module. Transmitted real-time location data to the Blynk application and optimized performance for stable connectivity.

CERTIFICATIONS

Front-End Developer – Coursera (Oct 2023)

AI for India – GUVI (Jul 2021)

Certificate of Merit – Management Excellence, St. Joseph's College (Jan 2018)
