OBJECTIVE

Frontend Developer with 6+ months of experience building scalable React applications across product and agency environments. Developed reusable UI components and responsive interfaces that improved development efficiency and enhanced user experience. Experienced in working with React, JavaScript, HTML, CSS, and API integration to deliver production-ready web applications and currently focused on developing modern frontend solutions and continuously improving performance, maintainability, and usability.

EXPERIENCE

Front-End Developer (Trainee)

Oct 2025 – Present

Hyring, Chennai

- Building React components and UI features under senior developer review in a professional product environment.
- Delivering frontend tasks, including UI changes, component builds, and API integration work.
- Participating in weekly review cycles to align on priorities and technical improvements.

Front-End Developer

Jun 2023 – Jan 2024

Zuul, Bangalore

- Developed responsive React applications for internal and client-facing web platforms. Built a reusable component library of 12+ components, cutting development time by 20%.
- Integrated 10 REST API endpoints to power dynamic data features, including booking management and real-time updates. Delivered features across 2-week sprints in collaboration with cross-functional teams.

Embedded Developer

Sep 2022 – Feb 2023

Enarxi, Chennai

- Supported PCB design, hardware-software integration, and IoT debugging.

PROJECTS

Hotel Reservation System — <https://hotel-seavora.netlify.app/>

Full-stack booking platform built with React, Node.js, Express, and MongoDB. Features include real-time room availability, booking management, and a mobile-responsive UI. Demonstrates end-to-end MERN stack proficiency.

IoT GPS Tracker (Academic Project)

Designed and developed a GPS tracking system using NodeMCU, Embedded C, and GPS module. Transmitted real-time location data to the Blynk application and optimized performance for stable connectivity.

SKILLS

Technical Skills:

Languages	HTML, CSS, JavaScript
Frameworks & Libs	React.js
Backend	Node.js, Express.js
Database	MongoDB
Version Control	Git, GitHub
Tools	VS Code, Chrome DevTools, Netlify, Postman

EDUCATION

Master's in ECS, Sri Krishna Arts and Science College, Coimbatore.
Bachelor of Electronics, St. Joseph's College, Trichy.

2022 – 85%
2020 – 72%

CERTIFICATIONS

Meta Front-End Developer Professional Certificate – Coursera

Oct 2023

Covered React, JavaScript, Responsive Web Design, Version Control, and Frontend Development Fundamentals.
